

# **YOBE STATE GOVERNMENT**

**REPORT ON ACTION TAKEN TO ADDRESS STAFFING GAPS**

**Of**

**PRIMARY AND GOVERNMENT DAY JUNIOR SECONDARY SCHOOL (GDJSS)**

**IN YOBE STATE**

**PREPARED BY:**

**MINISTRY OF BASIC AND SECONDARY EDUCATION**

**AND**

**STATE UNIVERSAL BASIC EDUCATION BOARD**

**March 2026**

## Introduction

Education remains a cornerstone of sustainable development and a critical driver of social and economic progress in Yobe State. In recognition of this, the Yobe State Government has continued to prioritize investments in the education sector, particularly in strengthening the availability, quality, and equitable distribution of teachers across primary and junior secondary schools.

Following the 2025 baseline assessment of teacher gaps, which identified a deficit of 12,893 teachers across the State, the Ministry of Basic and Secondary Education, in collaboration with Yobe state Universal basic education Board, developed a strategic response plan aimed at addressing the identified shortages. The assessment further highlighted key challenges, including high pupil-teacher ratios especially in rural communities imbalanced deployment of qualified teachers, and critical shortages in core subject areas such as English, Mathematics, and Science.

In response, the State Government established a 2025 recruitment target of 3,223 teachers as part of a phased approach to closing the gap. This report provides a detailed account of the actions taken during the reporting period, including teacher recruitment, deployment strategies, and progress made toward reducing the baseline deficit.

It also outlines key outcomes achieved, lessons learned, and strategic priorities for 2026 and beyond, as the State continues its commitment to ensuring equitable access to quality basic education for all.

## Executive Summary

The 2025 baseline assessment conducted by the Yobe State Ministry of Basic and Secondary Education in collaboration of Yobe state Universal Basic education board identified a significant teacher deficit of 12,893 across primary and junior secondary schools. In response, the State Government set a 2025 recruitment target of 3,223 teachers as part of a phased strategy to address these gaps and improve the quality of education service delivery.

During the reporting period, the Yobe State Government successfully recruited and deployed a total of 948 teachers.

This achievement represents:

- **29% of the 2025 recruitment target** (948 out of 3,223)
- **7% reduction of the total baseline teacher gap** (948 out of 12,893)

The deployment of these teachers was guided by evidence from the baseline assessment, with priority given to underserved and high-need schools, particularly in

rural areas. This targeted approach has contributed to a **reduction in pupil-teacher ratios**, improved **subject coverage in core areas such as English, Mathematics, and Science**, and enhanced **equity in teacher distribution** across the State.

While the progress recorded marks an important milestone, a **remaining gap of 11,945 teachers** underscores the need for sustained recruitment efforts, continuous teacher development, and strengthened deployment systems.

Overall, the actions taken demonstrate the strong commitment of the Yobe State Government to improving access to quality basic education and lay a solid foundation for accelerated progress in 2026 and beyond.

### 1. Background

- ✓ **Baseline Year:** 2025
- ✓ **Total Gap Identified Including 1.02% Population Projection:** 12,893 teachers
- ✓ **Recruitment Target (2025):** 3,223 teachers
- ✓ **Key Findings:**
  - ✓ High pupil-teacher ratios in rural schools.
  - ✓ Uneven distribution of qualified teachers.
  - ✓ Shortages in core subject areas.

### 2. Actions Taken

- **Recruitment:**
- **Teachers recruited in 2025:** 948
- **Deployment Strategy:**

Teachers were allocated based on gaps identified in the baseline, with priority given to underserved schools.

### 3. Outcomes Achieved

- 29% of the 2025 recruitment target achieved.
- 7% of the total baseline gap closed.
- Reduction in pupil-teacher ratios in targeted schools.
- Improved subject coverage, especially in English, Mathematics, and Science
- Strengthened collaboration between State and LGAs.
- Enhanced community confidence in education delivery.

### 4. Next Steps (2026 and Beyond)

- Continuous monitoring of teacher performance and retention.
- Expansion of recruitment to further reduce the remaining 11,945 gap.
- Professional development programs for newly recruited teachers.
- Strengthening of data systems for deployment tracking.

## 5. Conclusion

Yobe State has taken decisive action to fill the gaps identified in the 2025 baseline assessment. The recruitment and deployment of 948 teachers demonstrated strong commitment to improving access to quality education. These efforts have already begun to yield positive outcomes and will be sustained through continuous monitoring and capacity building.
